

Kindergarten Learning from Home Activities

Week beginning: 1st June 2020

Daily Maths Tasks

- Each day, ask your child to sing our days of the week song. "Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday too. 1 2 3 4 5 6 7 days, each day different and every day new." Talk about the day today and ask them what day it will be tomorrow and what day it was yesterday. If you are able, use a calendar where you can look at the date (number) and ask what number is one more and one less.
- All of the [Numberblocks](#) episodes are now available on the BBC iplayer. You may choose to watch one of these per day and work through them in order. Talk about what happened in the episode. (What numbers did we learn about? Can you show me that many fingers? etc)
- Make a number of the day sheet beginning with 1 and counting up one everyday. How many different ways can you show that number? Counting out pieces of lego/objects/ writing the number/using tally/fingers etc. Practise counting out that number of objects, saying one number name for each object and then putting them in a line to touch count them and check.
- Practise counting confidently upto 20 with these songs.
[Let's count to 20.](#)
[Count with me.](#)

Daily English Tasks

Reading

- Every day spend at least 15 minutes reading together. This could be you reading a story/magazine/information book to your child or your child telling you a story from pictures in a book or a story from our talk for writing memory joggers available on the [school website](#). Talk about new words or more difficult words you think your child might not know the meaning of.
- Monday, read through Poem of the Week (this can be found on the school's Twitter page – link is [here](#)). Help your child to learn the Kindergarten nursery rhyme off by heart, if they don't already know it. Maybe you could film them performing it and send it to a member of staff or family member to brighten their day!
- Share the extract from [Things I love By Bear](#). (You may need to sign up for free with an email address and password). Can you help your child to create a list of things they love? They could draw their list. Remember to encourage them to use the correct pencil (tripod) grip with their holding fingers and pillow finger!

Writing

- Work through [Mouse's Adventure Talk for Writing](#) booklet and aim to complete it by the end of the week.

Phonics

- Practise these [letter sounds](#) this week. Be sure to pronounce them exactly as they do in the video! You can also view this [pronunciation video](#) included on our website. Can you find other objects around the house or out and about beginning with these sounds? For further phonics games etc, please see additional resources below.

Daily Curriculum Task		Physical Activity
Monday	Can you roll paper/playdough to make different length tails for the mouse? Which is longest/shortest?	Daily PE with Joe Wicks GoNoodle Cosmic Kids Yoga TumbleTots
Tuesday	Go on a flower hunt. What kinds of flowers can you find? You may need to use the internet to help decide what they are!	
Wednesday	Use the heads from some flowers to print patterns with paint. Can you make your own flower picture?	
Thursday	Make a fruit skewer or salad. You may choose to add some melted chocolate over the top!	
Friday	Use junk modelling to make a house for mouse.
